Trains
and
-Trolleys-

Guests from the West will change cars at Harrisburg or at Lancaster.

From Philadelphia and the East, if on trains not destined for Marietta, change to electric cars at Lancaster or Columbia.

From Baltimore and the South, change at Columbia to P. R. R., or to electric cars.

Leave Marietta for the East at 5.53 P. M., and connect at Philadelphia for all points.

For the West, leave Marietta at 6.10 P. M., and connect at Harrisburg with fast trains.

Electric cars, connecting with all trains at Columbia and Lancaster, leave Marietta every half hour.

Applications for special railroad rates to Lancaster should be made as early as possible to DR. T. C. DETWILER, Lancaster, Penna.

Arrangements are now being made with the Pennsylvania Traction Company to run Special Cars for the accommodation of guests, between Lancaster and Marietta, via Columbia and Chickies Park during the day.
